DECLARATION OF MARK HURSH

- I, Mark Hursh, being duly sworn, state as follows:
- 1. My name is Mark Hursh and I am a Director in the Marketing Department at Southwest Airlines Co. ("Southwest") with responsibility for Digital Customer Products. I joined Southwest in 2017.
- 2. As part of my duties as Director in Marketing, I am knowledgeable of Southwest's business, policies, and marketing efforts relating to customers, including, among other things, the advertising, marketing, or selling of flights and ancillary services through Southwest.com.
- 3. Southwest is an airline headquartered in Dallas, Texas. Almost 50 years since its first flights in 1971, Southwest has grown to become one of the most-flown airlines in the United States. In peak travel seasons during 2019, Southwest operated more than 4,000 daily departures among a network of more than 100 destinations in the United States and 10 additional countries.

Case 3:21-cv-00098-E Document 19-1 Filed 02/24/21 Page 3 of 571 PageID 175

- 4. Southwest has built a reputation for high customer satisfaction and received the 2020 J.D. Power award for best airline in North America. While most U.S. airlines charge passengers additional fees for checked luggage and for changing flights, Southwest maintains unique customer-friendly policies, including a "Bags Fly Free" policy (each customer can check two bags for free, subject to weight and size limits) and a "No Change Fees" policy (Southwest does not charge fees to change or cancel flights, though fare differences may apply). Southwest frequently refers to these policies in its advertising.
- 5. Southwest offers and sells flights to the general public through (a) its website www.Southwest.com ("Southwest Website") and (b) its mobile application available via the Apple App Store and Google Play app store ("Southwest App" and collectively, "Southwest Digital Platforms").
- 6. Southwest maintains the exclusive online distribution rights to sell Southwest tickets through the Southwest Digital Platforms and does not allow online travel agencies ("OTAs") to sell Southwest flights without express written authorization from Southwest. That is why Southwest flights are not published or sold on OTA websites like Kayak, Expedia, Google Flights, or Priceline. Although other airlines embrace the use of OTAs, Southwest's approach allows Southwest to deal directly with its customers, control the customer experience, ensure customer satisfaction, protect customers from misinformation, control costs, and promote other travel services like hotels and car rentals.
- 7. The Southwest Digital Platforms offer customers low-fare flights and provide ticket information, reservation details, and additional booking options for Southwest flights. Southwest

also offers and sells ancillary services to its customers on the Southwest Digital Platforms, including:

- a. The option to purchase three different types of fares: Business Select,
 Anytime, or Wanna Get Away;
- b. The option to create a Rapid Reward loyalty account and earn points redeemable for future Southwest flights;
- c. The option to purchase EarlyBird Check-In (available for \$15 \$30, depending upon the route), which provides automatic check-in for the customer, enabling a better boarding position and earlier access to overhead bins;
- d. The option to add a rental car to the flight reservation;
- e. The option to add a hotel and book a travel package through Southwest vacations; and
- f. The option to apply for a Southwest-branded credit card.
- 8. The Southwest Website also includes information to enable customers to quickly obtain support that includes a Contact Us Page that shows different ways to contact Southwest, such as (a) a toll-free phone call to its Customer Support & Services team with call centers staffed by employees across the United States which is free to use without any reservation booking fees; (b) a direct message through social media, such as Twitter or Facebook; (c) an email portal with options to submit a question, complaint, or compliment with a 48 hour turnaround time with answers provided by employees staffed in the United States; or (d) a written letter to a P.O Box with answers provided by employees staffed in the United States.

- 9. The Southwest App offers a free live chat capability for customers that are loggedin to connect with the Customer Support & Services team of employees based in the United States.
- 10. The Southwest Digital Platforms offer customers free self-service Frequently Asked Questions and answers with over 45 topics to support common travel queries as well as a site search tool that enables the content across the desktop to be instantly queried to find travel related answers.
- 11. The Southwest Digital Platforms also offer a free digital customer feedback tool to provide ideas and concerns that is monitored by the Southwest Digital Platforms support team to improve the website and app experiences
- 12. The Southwest Digital Platforms enable customers to quickly make changes and cancellations to their itineraries without incurring additional fees outside fare differences. Tickets booked on the website or apps can be changed to different dates or times and customers are provided a detailed breakdown of any additional fare collection, or in the case of a fare downgrade, the residual funds that remain. Customers can cancel their tickets via the Southwest Digital Platforms and are given the option to cancel all or part of their trip.
- 13. When a Southwest customer books a flight through the Southwest Digital Platforms, the customer provides an email address as part of the booking process and can also input additional email addresses for other passengers on the same reservation. This email is used for confirmation documents as well as for additional pre-trip communication.
- 14. When a Southwest customer books a flight through the Southwest Digital Platforms, the customer is asked to provide travel contact information which can either be an email address, text messaging number, of voice number. This contact information can be used to provide urgent notification about flight changes, delays, cancellations, or schedule changes.

Southwest has invested in this technology to ensure customers receive timely information about their trip and are provided with context if situations occur that may alter their original plans such as weather events, air traffic control delay programs, airport delays, and more.

- 15. Southwest communicates with its customers through email or texts at various points before a flight, including:
 - a. Trip Confirmation Provides itinerary detail, purchase detail, helpful guidance on preparing for the trip, and a links to contact Customer Support & Services as well as access Frequently Asked Questions and Answers.
 - b. Pre-trip communication Southwest provides multiple time-based pre-trip communications including a 30 day pre-trip communication, 4 day, and 1 day communication.
- 16. Each communication is tailored to provide relevant information and may include additional context about changes related to the trip such as airport construction, regulatory changes, or changes to policies or procedures. As an example, during the COVID Pandemic, the pre-trip communication tool provided special context about mask policies, testing policies in Hawaii and for flights entering the United states, and quarantine policies. The pre-trip communications may also provide context such as airport construction changes that may impact travel times.
- 17. At times, Southwest may send additional special pre-trip communications outside of the normal time-based series for urgent changes such as pending regulatory changes for customers on active trips. Southwest also uses the email address or mobile number on the reservation to communicate about schedule changes, flight changes, flight delays or cancellations.

Providing timely information when a trip changes is crucial to ensure customers have appropriate expectations about their airport arrival time and their trip departure date.

- 18. At times, Southwest may need to adjust pre-planned flight schedules due to unforeseen circumstances. For example, during the COVID pandemic, and with quarantine rules in effect, flight schedule changes have occurred frequently due to the dynamic travel environment. Southwest leveraged its reservation contact information to urgently provide customers with updated trip information containing rebooking information and to provide them with ways to contact Southwest to make other arrangements. When flight cancellations were peaking during local lockdowns in March and April 2020, Southwest used these contact tools to proactively inform customers of their cancellation options to prevent unnecessary travel to the airport. Southwest also uses reservation contact information to provide updates to flight changes and cancellations that occur due to inclement weather events such as a hurricane or winter storm in addition to events such as FAA Air Traffic Delay programs that occur during periods of flight congestion. All of these communication tools are critical to providing proactive customer service and ensuring a positive travel experience.
- 19. The Southwest Digital Platforms provide information subject to certain policies that apply to the customer's travel, use of the Southwest Website, and use of the Southwest App. The Southwest Website includes a link to Southwest's Contract of Carriage ("Contract of Carriage") in addition to its Fare Rules and Privacy Policy. The Southwest Website includes a hyperlink to a page of Terms and Conditions that applies to use of the Southwest Website ("Website Terms"). Southwest last modified the Website Terms on April 4, 2017, and it has not changed since that time.

² See Ex. A-3, Website Terms.

20. The Website Terms are hyperlinked at the bottom of each webpage with a statement that use of the Southwest Website constitutes acceptance of the Website Terms:

21. For all sales made on the Southwest Digital Platforms, the customer must confirm the customer's acceptance of the Website Terms by clicking a button that states: "By clicking 'Purchase,' I agree to the Terms and Conditions below, the privacy policy, and the contract of carriage." That language appears conspicuously next to a yellow "Purchase" button with hyperlinks to the Website Terms, Privacy Policy, and Contract of Carriage as shown below:

- 22. The Website Terms state that information and materials concerning Southwest's products and services, "including flight schedules, routes, [and] fares," called "Company Information," is owned by Southwest and "is proprietary to Southwest." Southwest grants users

³ Website Terms at 1 (Ownership of Company Information).

of the Southwest Website "a limited, non-exclusive, revocable, non-assignable, personal, and non-transferable license to download, display, view, use, play the Company Information on a personal computer, browser, laptop, tablet, mobile phone or other Internet-enabled device ... and/or print one copy of the Company Information as it is displayed to you, in each case *for your personal, non-commercial use only.*"

23. The Website Terms include a list of "Restrictions and Prohibited Activities," and an agreement the user "will not: (i) copy, display, distribute, download, ... modify, publish, repost, reproduce, reuse, sell, transmit, or use the Service or Company Information to create a derivative work[;] (ii) use the Service or Company Information for any commercial purpose, with the exception of authorized Southwest travel agents/agencies; ...(iv) engage in any activity in connection with the Service or Company Information that is ... fraudulent, unlawful, false or misleading ...; (v) harvest any information from the Service; (vi) copy, derive, edit, translate, decompile, reverse engineer, modify, use, or reproduce[] any code or source relating to the Service including without limitation, any service or product Southwest offers[;] (vii) modify, re-render, frame, mirror, truncate, add to, inject, filter or change the order of the information contained on any page of the Service, including, without limitation, by any way of reproducing any web pages or Company Information on any other website without our express written permission; ... input information, store information, search, generate searches, or monitor any portion of the Service or Company information; ... (xviii) ... violate the restrictions in any robot exclusion header; or (xix) otherwise violate these Terms or any applicable Additional Terms."⁵ The same section also includes a promise not to "use the Service for or in connection with offering any third party product or service not authorized or approved by Southwest."⁶ Use of the Southwest Website constitutes acceptance of the Website Terms as stated on the Southwest Website's homepage and in the Website Terms themselves.

- 24. If Southwest discovers that an unauthorized OTA is selling Southwest flights, Southwest may send a cease-and-desist notice and provide the violator with a copy of the Website Terms, pointing out the violation and demanding compliance for future use of the Southwest Website. In past circumstances where an OTA persists in violating the Website Terms after notice, Southwest has filed lawsuits like this one to enforce the Website Terms in court. *See, e.g., Sw. Airlines Co. v. Farechase, Inc.*, 318 F. Supp. 2d 435 (N.D. Tex. 2004); *Sw. Airlines Co. v. BoardFirst, L.L.C.*, Case No. 3:06-CV-0891, 2007 WL 4823761 (N.D. Tex. Sept. 2007); and *Sw. Airlines Co. v. Roundpipe LLC, et al.*, 375 F. Supp. 3d 687 (N.D. Tex. 2019)).
- 25. Upon learning that an OTA called Kiwi.com was selling Southwest flights in violation of the Website Terms, various Southwest departments investigated the company's activities, including a review of information available at www.kiwi.com. According to information published on Kiwi.com, Kiwi operates an OTA business that reportedly performs 100,000,000

⁵ Website Terms at 1–2 (Restrictions and Prohibited Activities).

⁶ *Id*. at 2.

daily searches across numerous airlines website selling 40,000 flights per day.⁷ Kiwi's website boasts €1.3 billion of turnover in 2019 (equivalent to approximately \$1.5 billion USD).⁸

- 26. Southwest has never authorized Kiwi.com to offer or sell Southwest flights, to copy or display Southwest's flight data and fares on kiwi.com, or to use the Southwest Website and Company Information for commercial purposes, all of which violates the Website Terms discussed above.
- 27. Southwest sent Kiwi a series of cease-and-desist notices before filing this lawsuit, including one final notice in December 2020. On at least one occasion, Kiwi acknowledged receipt of Southwest's cease-and-desist notice, but rather than halting its unauthorized sales of Southwest flights, Kiwi tried to solicit Southwest to form a business relationship. 10
- 28. On another occasion in July 2020, even after receiving multiple cease-and-desist notices, Kiwi sent a report to Southwest's leadership (at it Dallas headquarters) stating that between 2019 and the first half of 2020, Kiwi had generated €13,960,021 (equivalent to more than \$17 million) in revenue from the sale of Southwest flights.¹¹
- 29. As shown below, in connection with its unauthorized sales of Southwest flights, Kiwi specifically acknowledges that: "All services provided by Southwest Airlines are subject to their Terms and Conditions. More information is available on their website."

- 30. As detailed below, Kiwi's unauthorized sales of Southwest flights divert customers away from the Southwest Website, misrepresent Southwest's policies and procedures, provide false booking information, upcharge customers fees for services and features that are free, and encourage customers to book "hidden city" fares in violation of Southwest's Contract of Carriage. All of this is harmful to Southwest's business and its customers.
- 31. For example, Kiwi charges inflated prices for Southwest flights by adding service fees that are not otherwise collected or charged by Southwest. The screenshot below from the Southwest Website shows a total price of \$395.97 for a round-trip, non-stop flight from Dallas, Texas (DAL) to Savannah, Georgia (SAV) with an outbound flight on March 13, 2021 and a return flight on March 20, 2021 (the "Dallas-Savannah Flight"):

On kiwi.com, the same Dallas-Savannah Flight is advertised for \$414 because Kiwi inflates the price by adding about \$18 in service fees to the booking price of the Southwest flight:

32. Kiwi.com also displays "travel hacks" flights, which involve "hidden city" ticketing, even when the same flight is offered as a non-stop for cheaper on Southwest.com. In the example below, an \$87 fare is offered by Southwest for the 6:30 non-stop flight form DAL-HOU. Kiwi charges \$99 for the same flight and positions the flight as a "travel hack" using a

hidden city fare from DAL-TUL and charging approximately \$20 in service fees. This only benefits Kiwi. Southwest receives less for the fare, and the customer pays more because of the Kiwi service fees.

Hidden city itinerary

This itinerary contains an extra flight(s), and it's cheaper than a standard ticket. You can skip hidden city flights or use them. Either way, you'll save money.

Some airlines dislike this practice, but we're offering this to you because you have the right to freedom of choice. <u>Learn more</u>

Important information about this trip

Personal item only

We recommend only bringing a bag that can fit under the seat in front of you. Larger bags might be checked in at the gate. And all checked bags will end up at the wrong destination.

An additional visa might be required

You might need an additional visa(s) even if you don't use the hidden city flight(s).

Hidden cities — book an extra flight to save money

What are hidden cities?

Some airlines charge more for direct flights than for itineraries with one or more flights. For example, a ticket from London to Paris to Berlin could be cheaper than a ticket from London to Paris. So you can buy the cheaper ticket, get off in Paris and skip the flight to Berlin.

There are some potential limitations to consider before booking.

Travel with one small cabin bag only

We recommend only bringing a small bag or personal item that can fit under the seat in front of you. Anything larger risks getting checked in at the gate and being sent all the way to the final destination in the itinerary. For the same reason, you cannot travel with checked baggage on hidden city itineraries, including pets and sports equipment.

Visa considerations

You might also need a visa for the final destination in the itinerary, even if you're not going to use the remaining flight.

Against airline policy

Airlines don't like it when travelers miss flights to save money. They could potentially cancel your air miles, so it's best not to claim your miles for the missed flight.

- 33. Kiwi.com also falsely advertises the fare options and policies on Southwest flights to upsell customers for additional "services" that Southwest actually offers for free. For example, all Southwest flights are offered with (i) two free checked bags; ¹² (ii) no change fees; ¹³ (iii) no cancellation fees; ¹⁴ (iv) free customer support; and (v) a full travel credit for cancelled reservations that is reusable on future Southwest flights. ¹⁵ Moreover, Southwest's Business Select and Anytime fares are fully refundable in lieu of a travel credit. ¹⁶
- 34. Kiwi.com promotes Southwest flights in a way that suggests that cabin baggage is not allowed and that a "checked baggage bundle" (including lost baggage insurance) must be purchased in order to fly with checked baggage. On Southwest, 1 personal item, 1 carryon luggage and up to 2 free checked bags are included with all ticket purchases. Insurance is not required in order to fly with bags on Southwest. Yet Kiwi tells customers otherwise:

¹² Size and weight limits apply to checked bags.

¹³ Fare differences may apply to flight changes.

¹⁴ Cancelations may be made up to 10 minutes before the scheduled departure time.

¹⁵ Cancelations may be made up to 10 minutes before the scheduled departure time.

¹⁶ Cancelations may be made up to 10 minutes before the scheduled departure time.

Case 3:21-cv-00098-E Document 19-1 Filed 02/24/21 Page 17 of 571 PageID 189

35. As shown below, Kiwi advertises some Southwest flights as "Saver Fares" that include only (i) "Basic Services"; (ii) no rebooking contribution; and (iii) no refund. But Southwest offers no such fares. Southwest offers only three fares: Business Select, Anytime, and Wanna Get Away. All Southwest flights include free customer support, full rebooking contribution, and full refunds for Business Select and Anytime fares.¹⁷

36. Kiwi.com advertises Southwest flights by stating that "it will not be possible to cancel or change any flights free of charge after the purchase." But all Southwest flights allow cancellations or changes free of charge up to 10 minutes before departure time.

 $^{^{17}}$ Cancelations may be made up to 10 minutes before the scheduled departure time.

Attention, these flights are cheap but non-refundable...

If you pay \$ 81.46 for this itinerary, it will not be possible to cancel or change any flights free of charge after the purchase.

37. Kiwi advertises some Southwest flights as a "No-checked-bag itinerary," but all Southwest fares allow for two free checked bags. 18

¹⁸ Size and weight limits apply to checked bags.

38. Kiwi.com offers illogical flight connections that Southwest has not offered or approved. Southwest carefully determines maximum and minimum connection time rules into its shopping tools to prevent routing that will create a negative customer experience. As an example, Kiwi offered a customer a March 12, 2021 DAL-HOU itinerary that took 21 hour and 45 minutes to travel for \$257. Southwest has non-stop service from DAL-HOU that usually takes 1 hour and 10 minutes for \$87. The longest connection offered on March 13 from DAL-HOU is 5 hours and 50 minutes for \$135. The customer would save \$122 and nearly 16 hours by booking the flight on Southwest.com, not including additional travel costs such as the hotel fees for an unnecessary 10 hour overnight stay in Nashville.

39. Kiwi falsely advertises that it provides "Automatic flight check-in" for free on Southwest flights, but Kiwi does not provide that service to Southwest customers. And use of any third-party flight check-in service violates the Southwest Website Terms. Southwest provides a value-added service called Early Bird Check-In which allows customers to get automatic check-in, a better boarding position, and earlier access to overhead bins. Southwest collects a service fee

for each passenger for this service and expressly prohibits third parties from automatically checking in Southwest customers.

40. Kiwi advertises that a "Standard Ticket" fare with "no refund" is available on Southwest flights for an additional charge, but Southwest does not offer any such fares. Moreover, Business Select and Anytime fares are fully refundable.¹⁹

41. Kiwi falsely advertises that a "Flexi Ticket" fare that allows for a "90% refund" is available on Southwest flights for a further, additional charge, but Southwest does not offer any such fares. Business Select and Anytime fares are fully refundable.²⁰

¹⁹ Cancelations may be made up to 10 minutes before the scheduled departure time.

²⁰ Cancelations may be made up to 10 minutes before the scheduled departure time.

42. Kiwi falsely advertises that Southwest may choose to not provide flight alternatives or a refund in case of a flight disruption. In cases where a cancellation was unavoidable due to Southwest's actions, Southwest offer full refunds to applicable forms of payment. In cases where a cancellation was due to weather or an action outside of Southwest's control, Southwest offers rebooking on alternative Southwest flights or offers to cancel the itinerary and the customer may use all remaining funds on future travel up to year one from the original ticketed date.

- 43. Kiwi falsely advertises that customer service is available for Southwest flights for additional charge, but customer service is available for free from Southwest.
- 44. Kiwi also solicits customers to book "hidden city" flights on Southwest, i.e., to book a Southwest flight with a connecting-city stop and have the customer to deplane at the connection stop instead of travelling to the ticketed destination. This violates Southwest's Contract of Carriage, and also causes other problems.

- 45. Southwest maintains records of customer booking on the Southwest Digital Platforms in the ordinary course of business. The records include the email address used when purchasing a flight on the Southwest Digital Platforms.
- 46. When Kiwi books a Southwest flight, it includes an email address for Kiwi with the domain "@airline.kiwi.com" or "@kachipytel.com" but does not include the customer's personal email address or phone number, which interferes with direct customer notifications from Southwest;
- 47. For each purchase made on the Southwest Digital Platforms, Kiwi acknowledged and accepted the Website Terms when booking the reservation. But Kiwi is violating the Website Terms by, among other things, publishing Southwest flights and fares on kiwi.com without permission, selling Southwest flights and ancillary services on kiwi.com without permission, charging booking fees for Southwest flights, misrepresenting Southwest's policies, charging customers fees for services that Southwest offers for free, and failing to refund customers for cancelled reservations even when Kiwi receives a refund from Southwest. In each of these ways, Kiwi's unauthorized sales of Southwest flights is harmful to Southwest and its customers.
- 48. When Kiwi completes a reservation of a Southwest flight without the customer's contract information, this negatively impacts Southwest in the following ways:
 - a. Southwest is unable to directly communicate with the booked customer if there is
 a flight schedule revision or an operational adjustment;
 - Southwest is unable to provide information about the trip conditions including local airport conditions or emergency weather updates directly to the customer via e-mail or text; and

- c. Southwest is unable to directly contact the customer after their trip via e-mail to request feedback on their flight experience to improve future experiences.
- 49. When Kiwi completes a reservation of a Southwest flight without the customer's correct billing information, this negatively impacts Southwest and the customer in the following ways:
 - a. In cases where a customer requests a refund, Southwest cannot immediately refund the customer directly. The refund must first be sent to Kiwi's virtual credit card and then the customer must wait for Kiwi to take action; and
 - b. In cases where a customer voluntary cancels a non-refundable fare, Southwest can only offer a travel fund for the original base fare and not for the service fee charged by Kiwi, but presented on their shopping screens as the fare.
- 50. When Kiwi completes a reservation of a Southwest flight (without authorization from Southwest), this negatively impacts Southwest and the customer because:
 - a. Southwest loses the ability to market or sell its EarlyBird Check-in service to customers, which is offered throughout the purchase path on the Southwest Website and Southwest App; and
 - b. Southwest is unable to offer the customer value added services such as car rental deals, hotel deals, or deals for future travel
- 51. In addition to violating the Website Terms, Kiwi has also used Southwest's federally registered trademarks shown below (collectively, the "Southwest Marks") for commercial purposes without permission:

52. Even after Southwest filed this lawsuit, Kiwi has continued to scrape flight data and fares from the Southwest Website and to advertise and sell Southwest flights without authorization. For Southwest flights, Kiwi now shows its own logo where the airline's logo normally would be. To learn who the carrier is, flyers must click the "Book" button, then click on the flight schedule, where they can see that the ticket carries Southwest's "WN" airline code. Screenshot examples from kiwi.com are shown below:

- 53. The screenshot above also is an example of Kiwi soliciting customers to book "hidden city" flights with a "No-checked bag itinerary." As described above, this is a violation of the Southwest's Contract of Carriage and causes problems with headcounts, delays, and baggage handling.
- 54. Kiwi's ongoing conduct is harmful to Southwest's business and its customers and damages Southwest's business reputation, customer relationships, and goodwill. Because of the nature of the harm, it is difficult to quantify the precise amount of financial harm caused by Kiwi's conduct. For example, it is difficult to calculate the amount of money damages to Southwest caused by interference with customer communications; disruptions to flight schedules; increased costs for

baggage handling and customer services; and for the injuries caused by misrepresentations concerning Southwest's policies. In particular, injuries to Southwest's business reputation, goodwill, and customer relationships would be difficult to calculate. Additionally, Kiwi.com's unauthorized use of Southwest's flight data diverts customers away from the Southwest Website, and it is difficult to know exactly how much those customers might have spent of ancillary services on the Southwest Website.

55. Southwest has expended considerable time and devoted manpower to investigating Kiwi.com's conduct, which has caused, at a minimum, \$5,000 of loss during a one-year period, plus the cost and attorneys' fees incurred bringing this suit.

56. I declare under penalty of perjury that the facts and information stated in this declaration are true and correct based on my personal knowledge and reliable information I obtained as a representative of Southwest.

Importance of Trust, Transparency to Airline Satisfaction Grows as Industry Confronts Pandemic Fears, J.D. Power Finds

Southwest Airlines Ranks Highest in Passenger Satisfaction for Long-Haul and Short-Haul Flights

TROY, Mich.: 27 May 2020 — North American airlines were headed into 2020 with some of the highest customer satisfaction scores ever recorded, thanks to heavy investment in newer aircraft, better in-flight services and improved customer service. Then COVID-19 hit. According to the J.D. Power 2020 North America Airline Satisfaction Study, SM released today, many of the core values that drove standout passenger experiences in the pre-pandemic environment will be even more important as the industry plots its recovery. Specifically, the industry will need to focus on restoring confidence, while continuing to improve on the operational side.

"Airline success in the post-COVID-19 era will hinge on a combination of building consumer confidence and operational flexibility with changing schedules and routes," said **Michael Taylor, travel intelligence lead at J.D. Power**. "Airlines have a tremendous reputation for safety. That will be even more critical as passengers look to airlines for detailed and specific information about what's being done to keep them safe."

Following are some of the key findings of the 2020 study:

- Value is a key differentiator for highest-performing airlines: In the midst of the pandemic, many airlines have waived change and cancellation fees. These fees have a notable effect on customer perception of ticket value. When it comes to customer perception of value for money, the highest-performing airline rates 6.33 (on a 7-point scale) vs. an industry average of 5.68.
- Passengers seek transparency/details on how airlines will protect them: Based on additional J.D.
 Power research conducted April 17-19, leisure travelers list the following as the two most important
 actions that airlines and hotels can take to make them feel safer: informing travelers of specific
 cleaning/sanitization actions they are taking (38%) and provide daily updates on the state of the
 pandemic in the area they will be visiting (37%).
- Improving staff scores will play an important role in recovery: Passenger satisfaction scores
 related to courtesy/friendliness of crew and staff knowledge have been improving consistently
 during the past five years. As airline staff will play a key role in delivering passenger safety
 information and reassuring passengers of the steps the airline is taking to reduce exposure to
 COVID-19, airlines must strive to further improve these scores.
- **Getting basics right still matters:** While the travel industry is fixated on COVID-19-related issues, it remains important to get the basic operational details right. Currently, the most common reasons passengers cite for selecting an airline are that it offers a direct flight (55%); the passenger had a good past experience with that airline (47%); and the passenger is a rewards program member (42%). The most commonly cited reason given for not selecting a preferred airline is price (40%).

Study Rankings

For long-haul flights, **Southwest Airlines** ranks highest in customer satisfaction, with a score of 826 (on a 1,000-point scale). **JetBlue Airways** (823) ranks second and **Delta Air Lines** (810) ranks third.

For short-haul flights, Southwest Airlines rank highest in customer satisfaction, with a score of 839. JetBlue Airways (833) ranks second and **Alaska Airlines** (828) ranks third.

The North America Airline Satisfaction Study, now in its 16th year, measures passenger satisfaction with airline carriers in North America based on performance in eight factors (in alphabetical order): aircraft; baggage; boarding; check-in; cost and fees; flight crew; in-flight services; and reservation. The study measures passenger satisfaction among both business and leisure travelers and is based on responses from 10,100 passengers across two segments: long-haul flights and short-haul flights. Passengers needed to have flown on a major North American airline within the past month. The study was fielded from April 2019 through March 2020.

Re: Cease & Desist Letter Regarding Kiwi.com's Trademark Infringement Unauthorized Website Scraping of Southwest Airlines's Website

To Whom it May Concern:

This is a letter demanding that Kiwi.com, Inc. ("Kiwi.com") immediately cease and desist from its unauthorized web scraping of Southwest.com, numerous violations of the Terms and Conditions of Southwest.com ("Southwest Terms"), and its trademark infringement of Southwest's Heart logo. As you may know, Southwest's Legal Department previously sent a series of cease and desist letters to Kiwi.com regarding this unauthorized activity, yet Kiwi.com has failed to comply with our demands. We understand that General Atlantic (or its affiliate entity) recently invested in Kiwi.com and want to provide notice to that group, as well, to encourage compliance and before Southwest takes further legal action.

There Is No Dispute Kiwi.com Has Improperly Accessed Southwest.com in Order to Sell More than 140,000 Southwest Flights in the Past Two Years

As explained in our prior cease and desist letters, Southwest prohibits websites like Kiwi.com from selling its fares or displaying its trademark logos. There is no dispute that Kiwi.com is violating the Southwest Terms by scraping Southwest.com ("Southwest Website") and selling tickets because, earlier this year, a Kiwi.com account manager sent a "Monthly Report" to Southwest showing that Kiwi.com sold more than 109,000 Southwest flights in 2019 and over 38,000 flights in the first half of 2020.

The Kiwi.com website also shows that it is improperly displaying Southwest's fares and our trademark logos in order to induce these sales.

¹ This monthly report is attached as **Exhibit A**.

Southwest has an unique distribution model in the United States where it maintains the exclusive distribution rights to sell Southwest flights to the general public through the Southwest.com website. Put differently, Southwest has never authorized any third-party website (or online travel agencies, such as Kiwi.com) to display or sell its fares.

The Southwest Terms Expressly Prohibit Kiwi.com's Improper Scraping of the Southwest Website and Related Sale of Southwest Flights

As we explained in our prior letters to Kiwi.com, the Southwest Terms explain that by accessing Southwest.com, users agree to be legally bound by and act in accordance with the Southwest Terms.² Because Southwest is the exclusive online distribution channel for its airline flights to the general public, the Southwest Terms expressly prohibit the following list of "Restricted Activities" on our site:

- "[Y]ou will not use the [Southwest Website] for or in connection with offering any third party product or service not authorized or approved by Southwest;"
- Southwest prohibits the use of the Southwest Website "for any commercial purpose, with the exception of authorized Southwest travel agents/agencies;"
- Users shall not "harvest any information from the [Southwest Website]."
- Southwest does not permit scraping of the Southwest Website and specifically explains in the Southwest Terms that it prohibits the "use [of]

² A full copy of the Southwest Terms are attached as **Exhibit B**.

any deep-link, page-scrape, robot, crawl, index, spider, click spam, macro programs, Internet agent, or other automatic device, program, algorithm or methodology which does the same things, to use, access, copy, acquire information, generate impressions or clicks, input information, store information, search, generate searches, or monitor any portion of the Service or Company information;"

Kiwi.com cannot claim ignorance of the Southwest Terms, the fact that Southwest does not allow scraping of the Southwest Website, or that Kiwi.com has no authorization to access the Southwest Website. This is because our prior letters demanded that Kiwi.com cease and desist such scraping activities and provided copies of the Southwest Terms, as well.³ More recently in July 2020, a Kiwi.com manager (whose title is "Business Development Manager – Americas") contacted Southwest business leadership to "explore further cooperation" and attached a sales report showing Southwest ticket sales on Kiwi.com. In response, Southwest (yet again) explained to Kiwi.com in a telephone call that it prohibited scraping of the Southwest Website and also did not approve use of its registered trademarks.

In sum, because Southwest has never granted Kiwi.com with access or permission to publish its flight or fare data, there are numerous violations of the Southwest Terms that include: (1) using the Southwest Website for or in connection with offering any third-party product or service; and/or (2) using automated tools or robots to obtain fare or pricing information from the Southwest Website. Further, in addition to Kiwi.com's breach of the Southwest Terms, its continued unauthorized access of the Southwest Website also gives rise to claims for violations of computer access statutes under federal law, 18 U.S.C. § 1030, and Texas state law, Tex. Pen. Code § 33.02. See, e.g., Southwest Airlines Co. v. Farechase, Inc., 318 F. Supp. 2d 435 (N.D. Tex. 2004).

Kiwi.com is also Knowingly Committing Trademark Infringement by its Continued Display of Southwest's Famous "Heart" Logo.

Despite repeated requests, Kiwi.com has refused to cease its infringing and harmful misuse of Southwest's registered trademarks. As explained before, Southwest is the owner of number federal registered trademark registrations that include, by way of example, some of the following:

Trademark	Date	Services	No.
SOUTHWEST AIRLINES	Registered: Dec. 8, 1992	(Int'l Class: 39)	Reg. No.: 1,738,670

³ See, e.g., (1) August 2018 letter from Southwest Legal to Kiwi; (2) September 2018 letter from Southwest Legal to Kiwi; and (3) August 2019 letter from Southwest Legal to Kiwi.

Trademark	Date	Services	No.
		transportation services; namely, transportation of cargo and passengers by air	
SOUTHWEST	Registered:	(Int'l Class: 39)	Reg. No.:
	Aug. 15, 2006	Transportation of passengers and/or goods by air	3,129,737
	Registered	(Int'l Class: 35)	Reg. No.:
	September 8, 2015 Int'l Class: 35 First Use: September 8, 2014 Filed: October 1, 2014	providing electronic on-line information services, namely, the provision of advertisements and business information in respect of travel, tourism and entertainment through a computer database; advertising services and promotion services by data communications for service providers in the travel industry; on-line direct electronic marketing services and advertising services for service providers in the travel industry; providing online information to others, namely, advertisements and solicitations	4,806,962

Along with the registered trademark for the "Heart" logo mentioned above, Southwest has additional registered trademarks for its "Heart" logo in the context of printed matters, making reservations and booking air transportation, software for delivery of travel information, providing information about air travel via the internet, and ticket reservation and booking services (collectively with the chart above, the "Southwest Marks"). The Southwest Marks provide Southwest with the exclusive right to use the registered marks in connection with air transportation and other travel services, as well as the right to exclude third parties from unauthorized use of the marks.

As shown in the Kiwi.com screen shot shown above on page 2, along with examples in our prior letters, Kiwi's display of the "Heart" logo is an infringing use of Southwest's famous "Heart" trademark, as well as the "Southwest Airlines" mark. It is clear, then, that Kiwi.com's unauthorized use of our famous "Heart" logo is a willful infringement of the Southwest

⁴ This list includes U.S. Federal Registration Nos. 4,768,717; 4,720,322; 4,723,791; 4,723,789; 4,892,223.

Registrations and violation of trademark laws. Because Kiwi.com has used our famous "Heart" logo in violation of Southwest's intellectual property rights, this letter further demands that Kiwi.com (and any related companies or contractors) immediately cease and desist from all further unauthorized use of the Southwest Marks.

Kiwi Can Confirm its Compliance or Face Further Legal Action

If Kiwi.com continues its non-compliance with Southwest's demands in this letter, it is important to explain that Southwest has a long history of successful litigation in Texas federal court that ended websites' similar unlawful conduct with respect to violations of the Southwest Terms, unauthorized access of the Southwest Website, and infringement of the Southwest Marks. See, e.g., Southwest Airlines Co. v. Farechase, Inc., 318 F. Supp. 2d 435 (N.D. Tex. 2004); Southwest Airlines Co. v. QL2 Software Inc., Case No. 3:05-CV-1558 (N.D. Tex.); Southwest Airlines Co. v. BoardFirst, L.L.C., Case No. 3:06-CV-0891, 2007 WL 4823761 (N.D. Tex. Sept. 2007); Southwest Airlines Co. v. Checkinsooner.com, LLC, Case No. 3:10-CV-01512 (N.D. Tex.); Southwest Airlines Co. v. Infare Solutions A/S, Case No. 3:10-CV-01674 (N.D. Tex.); Southwest Airlines Co. v. SW Software Development, LLC, Case No. 3:12-CV-00591 (N.D. Tex.); and Southwest Airlines v. Roundpipe LLC, et al., 375 F. Supp. 3d 687 (N.D. Tex. 2019). The venue for each of these lawsuits, of course, was a federal court in Dallas, Texas due to the forum selection prescribed in the Southwest Terms. There are also sufficient facts here to support jurisdiction over Kiwi.com because, as Kiwi.com is no doubt aware given a recent lawsuit filed against it, a federal judge ruled in a similar lawsuit that there was jurisdiction over a co-defendant website. See easyGroup Ltd. v. Skyscanner, Inc., et al., Case No. 20-20062, 2020 WL 5500695 (S.D. Fla. Sept. 11, 2020).

Please confirm on or before <u>Tuesday</u>, <u>December 22</u>, <u>2020</u> that Kiwi.com – including any third parties of affiliated websites – has ceased the unauthorized activity described in this letter and our prior letters. Should Kiwi.com fail to provide such confirmation, Southwest will be forced to take further legal action.

Thank you for your attention to this matter. We look forward to your response.

⁵ In its series of federal lawsuits in Texas, Southwest raised a number of additional claims that are not referenced in this particular letter – which is not intended to be an exhaustive list of potential causes of action against Kiwi.

David.

I am a Senior Attorney in the General Counsel Department at Southwest Airlines. I understand that you are the Chief Legal Officer of Kiwi.com. We have previously sent cease and desist letters to your company (see below). We continue to see that your company, Kiwi.com, that is advertising and selling Southwest's fares on its website. By selling Southwest fares (with our trademarked logos) on your Kiwi.com website, this gives rise to (1) trademark infringement claims and (2) a violation of the terms and conditions of Southwest's website (the "Southwest Terms").

In addition, by posting Southwest fare and price information, Kiwi.com has also violated the Southwest Terms. Because Southwest as not granted Kiwi.com with access or permission to publish its flight or fare data, there are numerous violations of the Southwest Terms that include: (1) using the Southwest Website for or in connection with offering any third-party product or service; and/or (2) using automated tools or robots to obtain fare or pricing information from the Southwest Website.

Southwest has successfully forced other companies, whether foreign or domestic, to cease similar unlawful conduct with respect to unauthorized use of the Southwest Registrations and/or the Southwest Website. *See, e.g., Southwest Airlines Co. v. Farechase, Inc.*, 318 F.Supp.2d 435 (N.D. Tex. 2004).

Southwest repeats its prior demand that Kiwi.com immediate cease and desist from (1) extracting Southwest's flight and fare information from the Southwest Website and its proprietary servers or websites; (2) publishing Southwest fare information on the Kiwi.com website, through its mobile applications or elsewhere; and (3) use of Southwest Registrations, including our famous "Heart" logo, in violation of U.S. copyright law.

Subject: Second Cease and Desist (Southwest Airlines)

To Whom It May Concern:

I am a Senior Attorney in the General Counsel Department at Southwest Airlines Co. ("Southwest"). This is our second cease and desist notice to your company, Kiwi.com, that is advertising and selling Southwest's fares on its website. By selling Southwest fares (with our trademarked logos) on your Kiwi.com website, this gives rise to (1) trademark infringement claims and (2) a violation of the terms and conditions of Southwest's website (the "Southwest Terms")

This is our second cease and desist letter requesting that Kiwi.com (or related websites, such as Skypickers.com) stop the use of our trademark images and display of our fares in violation of the Southwest Terms.

As you know, Southwest is the owner of numerous federal trademark registrations, including our famous "Heart" logo, each of which cover either transportation services by air or travel agency services by computer in connection with air

transportation services (the "Southwest Registrations"). The Southwest Registrations, including our famous "Heart" logo, provide Southwest with the exclusive right to use the exclusive marks, along with the right to exclude third parties – such as Kiwi.com – from unauthorized use of the marks. Here, as shown below, the Kiwi.com website is using Southwest's name, trademarks, and copyrighted "Heart" logo on its website:

It is clear, then, that Kiwi.com's unauthorized use of our famous "Heart" logo is a willful infringement of the Southwest Registrations and violation of U.S. copyright laws. Because Kiwi.com has used our famous "Heart" logo in violation of Southwest's intellectual property rights, this letter demands that Kiwi.com (and any related companies or contractors) immediately cease and desist from all further unauthorized use of the Southwest Registrations

In addition, by posting Southwest fare and price information, Kiwi.com has also violated the Southwest Terms. Because Southwest as not granted Kiwi.com with access or permission to publish its flight or fare data, there are numerous violations of the Southwest Terms that include: (1) using the Southwest Website for or in connection with offering any third-party product or service; and/or (2) using automated tools or robots to obtain fare or pricing information from the Southwest Website.

Southwest has successfully forced other companies, whether foreign or domestic, to cease similar unlawful conduct with respect to unauthorized use of the Southwest Registrations and/or the Southwest Website. *See, e.g., Southwest Airlines Co. v. Farechase, Inc.*, 318 F.Supp.2d 435 (N.D. Tex. 2004).

Southwest repeats its prior demand that Kiwi.com immediate cease and desist from (1) extracting Southwest's flight and fare information from the Southwest Website and its proprietary servers or websites; (2) publishing Southwest fare information on the Kiwi.com website, through its mobile applications or elsewhere; and (3) use of Southwest Registrations, including our famous "Heart" logo, in violation of U.S. copyright law.

Within seven (7) days of receipt of this e-mail, please confirm by written correspondence that you will immediately cease and desist, and will otherwise fully comply with the demands made herein. Please let me know if you have any questions and kindly direct any future communications regarding this matter to my attention.

Dear James.

I've been just passed the Cease & Desist letter from your side.

I would like to rather discuss the options of a direct co-operation. We've been in discussion with your people before, started the discussion where they were excited about the benefits we bring. But then suddenly the discussions stop.

I believe the with our Virtual Interlining technology we are bringing additional passengers thus we can both prosper from the direct partnership.

Can we have a call about this?

Dear all,

My name is Pedro Gutierrez and I'll be the responsible person from Kiwi.com to communicate with WN from the commercial side since my colleague Slavo Mucha will be now focusing on a different project in Kiwi.com.

I am attaching you the sales report for WN sales in Kiwi.com for the years 2019 and 2020.

As you can see, we indeed have a V-shaped curve for 2020, meaning that we can see our sales level for WN already as pre-COVID, as a matter fact we sold even more seats in the last month than in Jun19. I think this could be particularly interesting for you since I'd say every airline needs now an extra hand on generating more PAX demand.

In case you'd like to explore any kind of further cooperation with us, I'll be around.

Kind regards / Saludos,

DECLARATION OF MICHELLE BUCKLEY

- I, Michelle Buckley, being duly sworn, state as follows:
- 1. My name is Michelle Buckley and I am a Senior Director in the Customer Relations
 Department at Southwest Airlines Co. ("Southwest") with responsibility for leading operations,
 people leadership, overseeing customer complaints and escalation inquiries, answering questions
 and comments, as well as ensuring compliance with Department of Transportation and other
 regulatory requirements for customer complaints.
- 2. As part of my duties as Senior Director in Customer Relations, I am knowledgeable of Southwest's business, policies, and communications relating to customers, including the aforementioned aspects of customer relations.
- 3. Southwest customers can contact the Customer Relations Department through the following ways:
 - a. An email submission at https://www.southwest.com/html/contact-us/index.html;
 - b. A phone call to Customer Relations at 1-855-234-4654;
 - c. A direct message on Facebook through @SouthwestAir;

- d. Twitter through @SouthwestAir;
- e. Chat through the Southwest mobile application; and
- f. Mail at Southwest Airlines, P.O. Box 36647-1CR, Dallas, Texas 75235.
- 4. The United States Department of Transportation ("DOT") monitors and measures airline consumers' complaints filed with the DOT in writing, by telephone, via email, or in person which are published in the DOT Air Travel Consumer Report. The DOT ranks all U.S. carriers based on the lowest ratio of complaints per 100,000 passengers enplaned.
- 5. The Consumer Report measures two types of airlines (a) a "marketing carrier" which is an airline that advertises under a common brand name, sells reservations, manages frequent flyer programs, and is ultimately responsible for the airline's consumer policies (i.e. Southwest Airlines; Delta Air Lines; Alaska Airlines; American Airlines; Hawaiian Airlines; etc.); and (b) an "operating carrier" which only handles the flight operations, passenger check-in, in/boarding, and baggage handling for the respecting marketing carriers they serve (i.e. Mesa Airlines; Skywest Airlines; Envoy Air; etc.).
- 6. Between 2016 and 2020, Southwest has earned the best Customer Satisfaction ranking among U.S. marketing carriers with the lowest ratio of consumer complaints to the Department of Transportation per 100,000 enplaned passengers, as published in the DOT Air Travel Consumer Report.
- 7. The Customer Relations Department utilizes computer systems to assist in tracking customer information and inquiries, record notes about customer interactions, and keep a centralized record of phone calls, social conversations, emails, and letters. The records in the spreadsheet attached as Exhibit B-1 are true and accurate copies of Southwest customer relations records that were made and kept in the regular course of Southwest's business. The records were

made at or near the time of the information recorded in Southwest's computer systems by a person with knowledge of the underlying facts. It is the regular practice of Southwest to record the information set forth in the attached records.

- 8. Southwest identified the attached records by searching for the term "kiwi" in both (a) Southwest's C360 customer relations database (first spreadsheet tab) which show records created between June 6, 2020 and February 8, 2021 ("C360 Keyword Cases") and also (b) in Southwest's Seibel CRM Tool (second spreadsheet tab) which shows records created between January 17, 2018 and April 24, 2020 ("TLC Keyword SRs"), and cross-checking the email domains for flights booked by Kiwi (third spreadsheet tab).
- 9. Southwest's records in the C360 Database and CRM Database show hundreds of complaints and issues related to flight purchases, travel experiences, or refund requests for trips booked through Kiwi.com. Many of the customer complaints involve Kiwi failing to refund customers for cancelled reservations or flights even after Southwest refunds the credit card used by Kiwi to purchase the ticket.
- 10. Southwest also has received complaints about: (i) customers not receiving notices about schedule changes or delays; (ii) customers unable to make changes or cancellations to reservations; (iii) customers confused about checked bag policies and baggage fees charged by Kiwi; and (iv) customers mistakenly believing that Kiwi is an authorized booking agent for Southwest flights and blaming Southwest for Kiwi's conduct.
- 11. **Case Number 08323310**: On June 6, 2020, a Southwest customer sent a "Complaint" through email indicating that they did not receive a refund for a trip because the refund went to a credit card used to purchase the flight which did not belong to the customer. The

flight reservation only included contact information with an email domain of @airline.kiwi.com.

This is a screenshot of the message from C360:

The Customer Service Employee made notes in C360 indicating the reservation was booked with an email domain of @airline.kiwi.com and noted "looks like travel agency booked reservation, may be cause of potential confusion."

The Customer Service Employee then responded to the Customer as follows:

Dear Michele,

Thank you for contacting us. I appreciate the opportunity to address your concerns.

I regret any disappointment surrounding the refund associated with confirmation number R5DLHH. Please allow me to explain, according to our agreements with all credit card holding companies, we are required to process refunds to the purchasing credit card account. If that account is inactive or closed at the time of the refund, the financial institution will verify that no outstanding balance is due on the account and forward the appropriate amount due to the cardholder. This procedure is in place to protect credit card companies from incurring losses due to improper payment practices of the cardholder and to prevent fraudulent use of credit card accounts.

Based on the information available to me, the reservation under confirmation number R5DLHH was purchased with a card ending in 6314. It also appears as though the reservation was booked through a travel agency. That being said, if the reservation was purchased through a travel agency, they will need to be contacted for a refund as we can only refund the original form of payment that was provided when the reservation was booked with Southwest Airlines.

All of us are committed to providing the best possible travel experience to our Customers, and we are looking forward to our next opportunity to welcome you onboard.

Sincerely, Tiffany Gainous Southwest Airlines

12. Case Number 13750668: On October 22, 2020, a Southwest customer sent a "Complaint" through email indicating that she had not received a refund for her May 2020 flight after waiting for several months. The customer booked the flight through Kiwi.com and the reservation only included contact information with an email domain of @airline.kiwi.com. Southwest had already issued a refund to the credit card used by Kiwi to purchase the flights, but the customer did not receive a refund. The Customer Service Employee made notes that the customer was requesting a refund and then, according to research in a refund database, "noticed that \$101.98 x 3 was already refunded to [credit card used to purchase tickets]."

The Customer Service Employee then responded to the customer as follows:

Dear Rita

We received your email and appreciate your taking the time to contact us, and we welcome the opportunity to respond.

I reviewed our records and found that a \$101.98 refund for your reservation has already been processed (per passenger). It can sometimes take one to two billing cycles for a credit to post on the monthly account statement. You should be able to verify the refund online or by calling your credit card company.

According to our agreements with all credit card holding companies, we are required to process refunds to the purchasing credit card account. If that account is inactive or closed at the time of the refund, the financial institution will verify that no outstanding balance is due on the account and forward the appropriate amount due to the cardholder. This procedure is in place to protect credit card companies from incurring losses due to improper payment practices of the cardholder and to prevent fraudulent use of credit card accounts.

In the meantime if you have any further questions surrounding this matter we highly recommend to reach out to your banking institution for further information. If you need any further assistance on this matter, please reach out to us at 1-855-234-4654 between Monday through Friday from 7:00 am to 5:00 pm CST.

We truly appreciate your patronage, and we look forward to welcoming you onboard again soon.

Sincerely, Mario Arteaga Southwest Airlines

13. Case Number 14933807: On November 20, 2020, a Southwest customer sent a "Complaint" through email requesting a refund of \$264.12 for a canceled flight. Southwest

requested a refund to the credit card used to pay for the original reservation. This is a screenshot of the customer's message in C360:

Description

In January I booked a filight via Kiwi.com from Cancun to Parls. The first leg was Cancun to Fort Lauderdale, filight confirmation no. VM3GTS. I also see a confirmation code 100753488. This filight was then cancelled.

I have just found out from Klwl.com that you will not be refunding me this amount. I am not a citizen of the USA (I am from the U.K.) so travel funds to be used for a future flight with SouthWest airlines are of no use to me. Please refund me the total of \$264.12, otherwise I will need to get my bank or Ombudsman Involved.

If you need further details (bank account etc.) please let me know

The Customer Service Employee then sent an email to the customer as follows:

Dear Chloe,

Thank you for your email. We appreciate the opportunity to assist you.

With the ongoing COVID-19 pandemic, we are facing an unprecedented and uncharted situation, and we understand that many of our Customers are concerned about traveling at this time. We're working closely with the Centers for Disease Control and Prevention, the World Health Organization, and government officials and agencies to stay apprised of the latest prevention and containment protocols. That said, due to the uncertainty surrounding this situation, we have made the difficult decision to revise our flight schedule by removing select flights throughout our operation.

I regret that your flight was canceled as a result of these schedule changes, and we have requested a refund of \$\$264.12 (which is equal to your one-way fare) to the credit card used to pay for your original reservation.

All of us are committed to providing the best possible travel experience to our Customers, and we hope you will give us the chance to welcome you onboard in the near future.

Sincerely, Eduardo Esquivel Cuellar Southwest Airlines

14. **Case Number 15767058**: (Status check from Case Number 14933807). On December 11, 2020, a Southwest customer sent a "Comment/Question" through email indicating that they did not receive a refund for a trip because the refund went to a credit card used to purchase the flight which did not belong to the customer. The customer booked the flight through Kiwi.com.

The customer inquired about the status of her refund. Billing records show that Southwest credited funds back to the purchaser's card several weeks earlier, on November 21, 2020. This is a screenshot of the customer's message in C360:

Southwest responded to the customer and indicated that they had already refunded the flights to the purchaser's credit card.

The customer wrote "[b]ecause I bought the flights via Kiwi.com (third party booking service), this will be their credit card, not mine." The customer also wrote: "I have contacted Kiwi.com and they have confirmed that this would be their credit card number, as they do not pass my details on to [Southwest]." HI,

Thank you for your previous responses (Case #15767058 and Case #14933807).

In the last message, you mention that a refund has been sent to a card number ending 0482. Because I bought the flights via Klwl.com (third party booking service), this will be their credit card, not mine. I do not have any cards ending 0482.

I have contacted Klwl.com and they have confirmed that this would be their credit card number, as they do not pass my details on to you.

Please let me know how I can get my refund. Your team might need to contact Klwl about this - sorry I'm not sure how this works.

Southwest's Customer Service Employee responded to the customer as follows:

16. The customer mentioned booking through Kiwi.com and that she had not yet received a refund for the flight. 17. **Case Number 15410883**: On December 2, 2020, a Southwest customer sent a "Complaint" through an email requesting a refund for a trip in lieu of travel funds. 18. **SR Number 2304319830784:** On July 10, 2019, a Southwest customer sent a "Comment/Question" through an email indicating that they needed to add an infant (lap child under 2 years old which travels for free) to their reservation. The customer indicated that they inadvertently booked their flight through Kiwi (which did not have a booking option for an infant) and then Kiwi responded to them to book the same flights but "with a wrong birth year showing [the infant] as an adult."

19. **SR Number 2315382762998**: On April 24, 2020, a Southwest customer sent a "Complaint" through a phone call requesting a refund to the credit card used to purchase the flight which belonged to Kiwi and they would follow up with Kiwi for reimbursement. Screenshots from Southwest's internal computer systems are included below:

PAX booked with third party (KIWI) and called to have refund processed for SW cancelled flight under PNR NV52GB and stated the cc on file is not the card she used to book. PAX stated that the second Agent she spoke with in CR previously, advised her to call KIWI to verify fop information. PAX called KIWI and found out cc on file is a company card used for booking. PAX gave ok to refund to cc on file and will follow-up with KIWI to get refund on their end. I apologized for any confusion and processed a refund of the \$51.98 back to cc ending in 7878. PAX appreciated my assistance.

The first to flights are with Southwest Airlines: WN1640 and WN1817 on July 4th. On your website I found the information, that I can take 2 free baggages to checkin besides my carry on luggage. Is that right? On my confirmation with kiwi.com I could only choose 1 baggage. Could you please send a confirmation to me that I can checkin 2 baggages for free or could you otherwise tell me, how much an additional baggage would cost and how I would proceed it?"

Our booking company kiwi.com stated the flight time was 5:20pm. When we got to the airport the staff at southwest said the flight time had been changed from the original time of 5:20pm and that this change had occurred a number of

The request did not go through to you, so I paid for both bicycles at the airport. I never got a receipt for the transaction but am trying to get it refunded through Kiwi. They require receipts. Is it at all possible for me to get this record from you so that I can forward it to Kiwi? I would very much appreciate it."

- 28. **SR Number 2304238181216:** On July 8, 2019, a Southwest customer (PNR UCJALH) sent a "Comment/Question" stating "I purchased a one-way flight on Southwest Airlines flight 1243, through Kiwi.com, and when I arrived at the airport on June 3rd, 2019, the flight was cancelled. Consequently, I had to book a flight with another airline. I spoke with a Southwest agent on the phone that morning who indicated that the cost of the airfare for this flight would be refunded. Hello Three weeks ago I received a response from Eduardo Esquivel Cuellar (Case #14933807) saying that I would be receiving a refund of \$264.12 to the credit card used to pay for my original reservation. Nowever: Thave not received any further communications or the refund itse. I originally booked the flight via Kivi com so I don't know if this means you do not have access to my credit card details? Please let me know how I can help move this along and receive my refund. Many thanks. I would like to book this flight from LAX to BNA. but on Kivi com the flight is \$100 chapper. It there a reason the prices are or the same? I would starte book through SN because of my rapid rewards and credits but because the price is lower. I am tempted to use kiwi. Is there a reason it is a different price? Thank you! Thank you for your previous responses (Case #15767058 and Case #14933807). DECLARATION OF ALEXANDER ANDORF

- I, Alexander Andorf, being duly sworn, state as follows:
- 1. My name is Alexander Andorf and I am a Senior Business Consultant in the Revenue Management Department at Southwest Airlines Co. ("Southwest").
- 2. As part of my duties as a Senior Business Consultant in Revenue Management, I am knowledgeable of and perform research relating to Southwest's flight data and booking information, including through conducting SQL queries via Teradata connected to Southwest's data warehouse. I am a custodian of such records and familiar with the system under which they are made. The records in the spreadsheet attached as Exhibits C-1 to C-4 are true and accurate copies of the original records that Southwest makes and keeps in the regular course of Southwest's business. The records were made at the time the information was recorded in Southwest's computer systems by a person with knowledge of the underlying facts. It is the regular practice of Southwest to record the information set forth in the attached records.
- 3. I identified the records in the attached spreadsheet using a SQL query for the following passenger name records ("PNRs"): (a) 16,819 PNRs booked between August 1, 2020

and January 13, 2021 that include an email domain @airline.kiwi.com in the reservation record (see Ex. C-1); and (b) 4,252 PNRs booked between August 1, 2020 and January 13, 2021 that include an email domain @kachipytel.com in the reservation record (see Ex. C-2). In total, between August 1, 2020 and January 13, 2021, Kiwi was affiliated with 21,071 bookings on Southwest flights.

- 4. I also identified the records in the attached spreadsheet using a SQL query for the following passenger name records ("PNRs"): (a) 1,012 PNRs booked between January 14, 2021 and February 18, 2021 that include an email domain @airline.kiwi.com in the reservation record (see Ex. C-3); and (b) 2,776 PNRs booked between January 14, 2021 and February 18, 2021 that include an email domain @kachipytel.com in the reservation record (see Ex. C-4). In total, between January 14, 2021 and February 18, 2021, Kiwi was affiliated with 3,778 bookings on Southwest flights.
- 5. I also completed a separate search for reservations booked through Kiwi (with email domains of either @airline.kiwi.com or @kachipytel.com) where the date of travel is after February 22, 2021. *See* Ex. C-5. There are 1,683 reservations on Southwest flights (booked by Kiwi) for travel between February 22, 2021 and August 16, 2021.
- 6. When Kiwi books a Southwest flight, it includes an email address for Kiwi with the domain "@airline.kiwi.com" or "@kachipytel.com" but does not include the customer's personal email address or phone number.
- 7. When Kiwi books a Southwest flight, it includes a "billing city" that appear to be fake cities.
- 8. Southwest's records confirm that Kiwi.com is selling "hidden city" tickets on Southwest flights. By way of example, "hidden city" tickets involve a customer that books a two-

leg flight, however, he or she only intends to fly the first leg of the flight. The customer completes his or her trip at the connecting city and does not complete the second leg of the flight. When Kiwi.com sells a "hidden city" ticket, Southwest is not able to sell (and another passenger thus cannot buy) a ticket for the seat that could have been available for the second flight on the "hidden city" ticket itinerary.
